 DATA ANALYSIS

**4/14/2022 Note:** Following is updated **LAPD Part I Crimes Summary for -8- North Hollywood LAPD Basic Car Patrol Areas** as of 3/31/2022 (**3-Month Year-to-Date Totals**).

The following is based on the "Crime Data from 2020 to Present" dataset, which is publicly available online on the City of Los Angeles Open Data Portal. Data is downloaded for all -60- North Hollywood LAPD Reporting Districts, and combined into the -8- North Hollywood Basic Car Patrol Areas. Statistics are based on the date the crime occurred.

LAPD crime data is categorized as either **Part I** or **Part II** Crime. **Part I Crime** is the law enforcement term for serious and/or violent crimes that includes auto theft, burglary, personal theft, aggravated assault, homicide, sex crimes, and robbery, which comply with the FBI Uniform Crime Reporting Guidelines.

**Part II Crime** includes vandalism and simple assault. Also disorderly conduct, embezzlement, extortion, forgery and counterfeiting, fraud, identity theft, kidnapping, offenses against the family, prostitution, sex offenses, stolen property, trespassing, and weapons offenses (Part II Crime is excluded from the attached report).

As a reminder, LAPD crime data only reflects crimes that are reported to the department, not how many crimes actually occurred. The LAPD periodically updates past crime reports with new information, which sometimes leads them to recategorize past reports.

In comparing the following crime statistics with data from the LAPD COMPSTAT Unit "North Hollywood Area Profile" posted on the North Hollywood LAPD website, over 97% of crime statistics from the online dataset match the posted profile. The variance may be due to late crime reporting or recategorizing of past reports.
