## 2. NOTIFICATION BY DEPARTMENT OF WATER AND POWER.

- 2.1. LADWP will provide notification as soon as practical of all matters that it deems to be significant, or any matter that the Neighborhood Council Oversight Committee, after a majority vote of the Committee, has informed LADWP in writing is significant. Among the purposes of notification by LADWP is permitting Neighborhood Councils to have input into decisions by LADWP and to monitor the delivery of services by LADWP. A good faith effort will be made by both parties to abide by the timeframes in this MOU.

LADWP will provide notification as soon as practicable, but before the Board of Water and Power Commissioners (the "Board") adopts a major policy or program, or significant changes in an existing

major policy or program.

2.2. Unless otherwise specified below, LADWP will provide notification to all of the following recipients:

In the event additional time is required to provide a response that LADWP deems necessary for a complete response, preliminary information may be provided in the initial response.

2.5.4. If LADWP is unable to provide a substantive response within 48 hours, LADWP will use its best efforts to provide the Neighborhood Council with a status report every 14 days until a substantive or more complete response can be provided.

2.5.5. If provided ten (10) working days' notice, LADWP will use its best efforts to send a knowledgeable representative to attend a meeting of a Neighborhood Council, or a meeting of a committee of a Neighborhood Council, regarding service issues. If LADWP is not provided ten (10) working days' notice, LADWP will make its best efforts to accommodate requests that an LADWP representative attend a meeting. Attendance may be virtual if that option is available.

2.6. Planned Significant Projects within the City of Los Angeles

2.6.1. Significant Projects: LADWP will use its best efforts to provide notification to the affected Neighborhood Council(s) of Significant Projects 90 days prior to the commencement of work to be constructed within the City of Los Angeles. For purposes of this subsection, "Significant Projects" is defined as those projects, programs and activities that would require

either an Environmental Impact Report (EIR) or a Mitigated Negative Declaration (MND) in accordance with the California Environmental Quality Act (CEQA) and excludes programs, projects and activities that would qualify for either a simple negative declaration or a categorical exemption.

This includes, but is not limited to significant changes to customer programs such as renewable energy programs, energy efficiency programs, water recycling programs, water conservation programs etc.

2.9. The LADWP Budget Process

2.9.1. LADWP will use its best efforts to provide Neighborhood Councils with notification relating to the development of its annual budget at the same time as LADWP provides notification to other reviewing agencies, boards or bodies, including but not limited to the Board or City Council. In addition, LADWP will use its best efforts to provide specific notification to Neighborhood Councils as follows:

When materials for the upcoming fiscal year draft budgets are posted for review on LADWP'S website, LADWP will use its best efforts to provide notification to the Neighborhood Councils through the MOU Committee and Community Newsletter. The website will also contain the time and meeting location for the Board's Draft Budget and Financial Plans Review. It is LADWP's policy to post matters for review as soon as they are completed.

2.10. Rate Action

2.10.1. For the purposes of this section, "Rate Action" is defined to include changes in the rates, rate formulas, rate structures or rate tiers that must be approved by the City Council by ordinance and are used by LADWP in calculating the amount billed or charged to any residential or non-residential retail business customer. For example, this section does not include new business service rates, special contract rates, wholesale electric pricing, transmission pricing, special service contracts, outdoor area lighting rates, or other special fees that are not applicable by tariff. For purposes of this section, "outdoor area lighting rates" means lighting that retail customers wish to add to their property, and does not mean street lighting. A proposed Rate Action may be either fixed amounts or a range of alternative values.

2.10.2. LADWP will use its best efforts to provide notification to the

MOU Oversight Committee of any proposed Rate Action. Such notification will include the Rate Action and upon request, copies of the supporting documentation provided to the Board and the City Council for consideration:
